

## The award-winning nasal aspirator

### 2017

In 2017, Nosiboo Pro has been awarded the PTPA Seal of Approval. PTPA Media has North America's largest volunteer parent testing community, with over 70,000 parents and was rated the Most Trusted Seal by over 22,000 parents across North America.

### 2016

In 2016, Nosiboo Pro was nominated and awarded by the German Design Council due to its unique and outstanding design. The German Design Award is the top international prize of the German Design Council. Its goal: to discover, present and honor unique design trends. The German Design Award is one of the most well respected design competitions in the world and is held in high regard well beyond professional circles.

### 2014

In 2014, Nosiboo Pro won the Oscar of design awards, one of the world's most prestigious product awards, the Red Dot Design Award in 2014 in the medical device category. The red dot is the renowned distinction for high design quality. A jury of international experts awards the coveted quality seal only to products which set themselves apart significantly from comparable products thanks to their excellent design.
